

1. Title of the certificate (LT) <sup>1</sup>
Profesinio mokymo diplomas. Suvirintojo modulinė profesinio mokymo programa (valstybinis kodas T43071503)
<sup>1</sup> in original language

2. Translated title of the certificate (EN) <sup>1</sup>
Qualified worker's Diploma. Welder Modular Training programme (state code T43071503)
<sup>1</sup> If applicable. This translation has no legal status.

3. Profile of skills and competences
<p>Competences of qualification.</p> <ol style="list-style-type: none"> <li>1. Perform work in accordance with the requirements of occupational safety and health.</li> <li>2. Prepare the welder's workplace, assemble details according to work drawings and welding technology.</li> <li>3. Make sound fillet welds with manual metal arc welding (MMA).</li> <li>4. To perform manual metal arc welding of steel products and semi products according to assembly, installation drawings and diagrams.</li> <li>5. Make sound fillet welds with metal active gas (MAG).</li> <li>6. To perform metal active gas welding of steel products and semi products according to assembly, installation drawings and diagrams.</li> <li>7. Make sound fillet welds with tungsten inert gas (TIG).</li> <li>8. To perform tungsten inert gas welding of steel products and semi products according to assembly, installation drawings and diagrams.</li> <li>9. Perform metal cutting with oxygen flame (gas).</li> <li>10. Perform metal cutting with plasma.</li> <li>11. Perform thermal cutting using metal preparation drawings.</li> <li>12. Make sound butt welds with manual metal arc welding (MMA).</li> <li>13. To weld steel products and semi products according to assembly, installation drawings and diagrams with manual metal arc welding</li> <li>14. Make sound butt welds with metal active gas (MAG).</li> <li>15. To weld steel products and semi products according to assembly, installation drawings and diagrams with metal active gas welding.</li> <li>16. Make sound fillet welds with tungsten inert gas (TIG).</li> <li>17. To weld steel products and semi products according to assembly, installation drawings and diagrams with tungsten inert gas welding.</li> <li>18. Make sound fillet welds with gas welding.</li> <li>19. To weld steel products and semi products according to assembly, installation drawings and diagrams with gas welding.</li> <li>20. Make sound aluminium fillet welds with metal inert gas (MIG).</li> <li>21. To perform metal inert gas welding of aluminium products and semi products according to assembly, installation drawings and diagrams.</li> <li>22. Make sound aluminium fillet welds with tungsten inert gas (TIG).</li> <li>23. To perform tungsten inert gas welding of aluminium products and semi products according to assembly, installation drawings and diagrams.</li> </ol> <p>Competences of mandatory choice:</p> <ol style="list-style-type: none"> <li>1. Make sound butt welds in tubes with manual metal arc welding (MMA).</li> <li>2. To weld steel tubes according to assembly, installation drawings and diagrams with manual metal arc welding.</li> <li>3. Make sound butt welds in tubes with metal active gas (MAG)</li> <li>4. To weld tubes according to assembly, installation drawings and diagrams with metal active gas welding</li> <li>5. Make sound butt welds in tubes with tungsten inert gas (TIG).</li> <li>6. To weld steel tubes according to assembly, installation drawings and diagrams with tungsten inert gas welding.</li> <li>7. Make sound butt welds in tubes with gas welding.</li> <li>8. To weld steel tubes according to assembly, installation drawings and diagrams with gas welding.</li> <li>9. Organize welding work and lead a group of employees.</li> <li>10. Ensure the quality of welding work.</li> </ol>

4. Range of occupations accessible to the holder of the certificate <sup>1</sup>
<p>Qualified persons will be able to work in engineering industry and metal processing plants, perform welding in construction, manufacture and assemble various constructions, engineering networks, and perform welding works in the energy sector. Working conditions: Work inside and outside with substances hazardous to the environment and human health, hand and electric tools. Work at high altitudes, excavations, confined spaces, dust, aerosols, ultraviolet and infrared radiation. Special working clothes are worn while working. The employee must undergo a medical preventive check and have a personal medical book or a medical certificate of compulsory health examination.</p>
<sup>1</sup> If applicable

## (\*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
