

1. Title of the certificate (LT) <sup>1</sup>
<b>Profesinio mokymo diplomas. Techninių medžiagų iš stiklo ir anglies pluoštų gamybos operatoriaus modulinė profesinio mokymo programa (valstybinis kodas P32072301)</b>
<sup>1</sup> in original language

2. Translated title of the certificate (EN) <sup>1</sup>
Qualified worker's Diploma. Operator of the production technical materials from glass and carbon fibers modular vocational training programme (state code P32072301)
<sup>1</sup> If applicable. This translation has no legal status.

3. Profile of skills and competences
<b>Competences of qualification:</b> 1. Select raw materials for production of technical materials from glass and carbon fibers according to technology cards. 2. Prepare equipment for forming a layer of technical materials from glass and carbon fibers. 3. Perform technological operations of glass and carbon fibers layer formation. 4. Prepare equipment for joining a layer of technical materials from glass and carbon fibers. 5. Perform technological operations of joining of layer of technical materials from glass and carbon fibers. 6. Prepare equipment for the processing of glass and carbon fibers materials' layer. 7. Perform technological operations of processing of glass and carbon fibers technical materials' layer. 8. Eliminate defects in technical materials from glass and carbon fibers. 9. Document defects of the technical materials from glass and carbon fibers.

4. Range of occupations accessible to the holder of the certificate <sup>1</sup>
The object of activities of operator of the production of technical materials from glass and carbon fibers: selection and calculation of raw materials, preparation of equipment and formation of a layer of technical materials from glass and carbon fibers in accordance to technology cards; preparation of joining threads and equipment; joining of layer of technical materials from glass and carbon fibers in accordance to technology cards; preparation of equipment and processing of layer of technical materials from glass and carbon fibers in accordance to technology cards; defining defects (nonconformities) in technical materials from glass and carbon fibers and documenting them in quality control documents, removal of defects.
<sup>1</sup> If applicable
